"There came a mighty thump. We were all startled. The basket had got a big jar. One of the occupants said: 'For heaven's sake, what was that?' fearing something had gone wrong with the gearing of the balloon. But he got his answer soon enough. It was a frightful din of squawking and cackling. The next instant two of the birds came thumping against the basket and were stunned. We could see them sink whirling in the winds. themselves

"Again and again we could hear them bump against the bag and then would see them fall beside the basket aud pass downward out of sight. The meeting with the big flock would have been a serious encounter for us, seeing that it would probably have burst the balloon, had it not been that the balloon was naturally going with the wind and the geese themselves were being hurled along in the same current. That very greatly lessen the shock of collission.'

Many persons find themselves affected with a persistent cough after an at-tack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run until it becomes troublesome. Sold by W. F. Creighton and Richard Gibson.

BODY FOUND IN RESERVOIR.

The body of Mrs. Jeanette Brown, 23 years old, wife of H. B. Brown, proprietor of a small confectionery and grocery store in Richmond, was ound yesterday afternoon in the east basin of the city reservoir, at William Byrd Park, near the spot where her hat was found Monday floating on the surface of the water.

The disappearance of Mrs. Brown, Monday morning remained a mystery until yesterday.

The suicide theory is not accepted by all. It is pointed out that absolutely no trace was left by the woman in scaling the high fence and wire netting which surmounts it, or on the muddy lope of the basin.

Less than twenty-six years ago Fannie Lillian Madison was found in the old basin. Investigation resulted in the subsequent hanging of Thomas Judson Cluverious, a young lawyer.

The peculiar properties of Chamberain's Cough Remedy have been thoroughly tested during epidemics of influenza, and when it was taken in time we have not heard of a single case of pneumonia. Sold by W. F.

Creighton and Richard Gibson. MRS. SCHENK USES SCRUBBING BRUSH.

> SENSATION IN A CONFERENCE. A sensation in which Dr W. F. Mc-Murray, secretary of the board of church extension of the Methodist Episcopal Church South, of Louisville, and Dr. F. W. Andrews, pastor of St. Paul's Church, Houston, Texas, are prinseason of the Texas Conference in Galveston, Texas.

The controversy started about a year ago in St. Louis, when Dr. Andrews had popped into the basket and was was accused of starting rumo s affecting the integrity of Dr. McMurray. Dr. Andrews stated that he had apoloafterward Dr. McMurray had made to Texas and "killed a scunk," meaning Dr. Andrews; and that he had spared his life only for the sake of his

HOUSE OF GOVERNORS ADJOURN The third annual conference of the House of Governors came to a close in Louisville yesterday afternoon following a short executive session, at which plans for the meeting next September at Spring Lake, N. J., were discussed. From now on the governors will not be entertained wherever they meet. For this reason they selected

the little watering place in New Jersey. Heretofore, in Washington, Frankfort and in Louisville, the citizens have vied with those of other cities in entertaining the executives, and for this reason matters had to be laid on the table which were considered important.

Another resolution adopted in the executive session, it is said, was that in the future all governors will pay their own expenses and will stop only at hotels. Dinners and receptions will be omitted at the next conference, and questions which are of importance to all the states will be thoroughly discussed, instead of being taken up and not thrashed out.

SUICIDE OF A WOMAN. As a humane sacrifice Mrs. Lena A.

Shunk, wife of Alonzo W. Shunk, a clerk in the office of the adjutant general of the War Department in Washington, deliberately killed herself at her home in that city Wednesday by inhaling illuminating gas. Mrs. Shunk, who was 36 years old, was afflicted with tuberculosis. Every possible means to cure the malady had been resorted to without success. The woman had been to many health resorts and on several occasions had met with difficulty in obtaining accommodations because of her condition. This greatly worried her. When her husband returned home Wednesday he found his wife seated with a tube in her mouth. Letters to her doctors and her husband revealed the motive for her suicide-the fear that she would be the means of spreading tuberculosis infection to others.
